CHARITIES, SCHOOLS,
NHS TRUSTS & OTHER
GOOD CAUSES

**£12.5BN
LOSS**

OF REVENUE TO UK CHARITIES
ALONE DURING COVID-19

ABOUT US

Collecteco partners with companies across the UK to generate social value, net zero and circular economy benefits by donating furniture and equipment to charities, schools, community groups, NHS trusts and other not for profit good causes.

We match clients' surplus kit with our waiting list of 1,000s of good causes actively searching for donations of furniture and equipment.

We report back on the social value, net zero and circular economy benefits of every donation project and detail where clients' donations have supported the community. We are also happy to directly introduce our clients to recipient good causes for further social value opportunities.

WHY DONATE SURPLUS KIT?

GOOD FOR THE ENVIRONMENT

By reducing waste, raw material consumption and CO2 used to produce, package and transport new products.

GOOD FOR BUSINESS

By generating a social value, net zero and circular economy report that demonstrates to your staff, clients and the wider community that you care.

GOOD FOR THE COMMUNITY

By distributing quality kit to good causes so that they can focus their funds on carrying out core work.

Bristol

THE CHALLENGE

Donation of office furniture to a good cause in the UK.

KEY RESULTS

£4,130

Value Donated To The Community

1,149kg

CO2e Avoided

1,267kg

Diverted From Landfill

How furniture donations from Soilfix have helped good causes:

**£4,130 In-Kind Funding
Charity**

"YMCA have been receiving donations of furniture and other items from Collecteco for a while now. We use items to furnish our offices and stores, saving us valuable income on purchasing new equipment and making our sites nicer places for our colleagues and clients. I cannot thank the Collecteco team enough for their commitment and continued support."

- Tina, Manager

The good cause supported by Soilfix:

Good Cause	Type of Good Cause	Postcode	Website	In-Kind Funding	Weight Diverted	CO2e Avoided
	Charity	BS1 3XA	www.ymca.org.uk	£4,130	1,267kg	1,149kg
				= £4,130	= 1,267kg	= 1,149kg CO2e
